

Model Rocketry

We will be having our model rocket class on August 12th & 19th

**Estes# 1754
Wizard Bulk Pack
Includes 12
individually wrapped
Wizard Rockets.**

**Skill Level 1:
Requires some
painting, gluing
and sanding.
Assembly takes at
least an afternoon.**

**Rocket Specs:
Length 12 inches
Max. Altitude 1500 ft.
Recovery: Streamer
Fins: Die Cut Balsa
Recommended Engines
1/2A6-2 (first flight), A8-3,
B4-4, B6-4, B6-6,
C6-5, C6-7**

Every cadet that wants to participate must bring in \$7.34 for the purchase of the rocket and engines.

You must purchase a rocket from us to participate so that every cadet has the same rocket.

***Each cadet will get to launch 3
times***

----- Cut Here -----

My son/daughter _____ has permission to participate in the model rocket building and launching. I have enclosed a check or cash in the amount of \$7.34 to cover the cost of the rocket and engines.
